INDUSTRIES

1 INTRODUCTION

The newly carved out resource rich State of Jharkhand is widely acclaimed as the region of the future, having immense potential for industrialisation with its large deposits of minerals, which could provide a firm launching pad for various industries. It is one of the richest zones of minerals in the world. As large as the 40% of the total minerals of the country are available in this state. The State is the sole producer of cooking coal, uranium and pyrite. It ranks first in the production of coal, mica, kyanite and copper in India. The geographical exploration and exploitation of gold, silver, base metals, decorative stones, precious stones, etc. are the potential areas of the future.

Jharkhand is also endowed with other resources such as surface and ground water, land with immense bio-diversity, moderate climate, disciplined and skilled manpower, adequate availability of power, which are the basic essentials for the growth and development of industries.

The State Government firmly believes in maximizing capital investment in the State for its accelerated economic development and generation of employment opportunities. The State Government is committed to create an environment, conducive to growth of industries in the State. It is determined to encourage investment in the industries based upon the State's agro-climatic, mineral and manpower resources as also in development of infrastructure.

The Government of Jharkhand, in consonance with the need and aspirations of the local populace and entrepreneurs, the changes taking place in the global and national economic scenario and the competition at the national and international level modifying the current applicable Industrial Policy 2001 for attracting investment including foreign investment in identified thrust areas with a focus upon the Balanced Regional Development as also for creation of essential infrastructure including power generation.

The Government is committed to facilitate rapid, accelerated and planned industrial growth of the region. It shall provide the required infrastructure, simplified mechanisms, sensitive and proactive Government machinery and a friendly atmosphere for industrial growth in the State. It is

determined to bring the Industrial Development of Jharkhand at par with leading industrially developed states of the country .

OBJECTIVE: The Industrial Policy aims at making Jharkhand one of the most preferred destination for investment, both from inside and outside the country and to ensure accelerated implementation of infrastructure related projects, increasing employment opportunities, improving productivity, ensuring homogeneous and balanced development of all Geographical regions of the State with emphasis on development of small, tiny and cottage industries

STRATEGY:

The strategies to be adopted for achieving the objectives are broadly as follows

- Simplified rules, regulations and procedures to remove bottlenecks
- Provide adequate good quality infrastructural support.
- Single Window System
- Introduce latest scientific data collection
- Improve the quality of services to entrepreneurs with sharp focus upon SC/ST categories, handicapped and women
- Thrust to entrepreneurship development through Establishment of Entrepreneur Development Institute(EDI) and other specialized institutions
- Identify the area of concentration of traditional skills and provide training, improve design, technological backup and marketing
- Encourage setting up fruit processing, vegetable processing, spice processing, horticulture and other food processing industries
- Develop Industrial Park for specialized activities in the field of knowledge, Information Technology, Tassar/Mulberry, Electronics, Plastic, Chemicals, Biotech and Herb, Export and Food Processing with adequate power, water, communication, transport and other common facilities.
- Emphasis on small power generating units and developing non conventional sources of energy through private participation .
- Special attention to promote projects in Public Private Partnership (PPP) modes.

2.00 ACHIEVEMENT PLAN DURING 11TH FIVE YEAR PLAN 07-12

2.1 Physical achievement during 11th five year plan 07-12

Mini Tool Room at Ranchi and Dumka have started 4 years diploma training course to 60x2 no. of local youths every year . Kuchai Kharsawan Silk Training Centre at Amda in Saraikela has been started with the help of NIFT ,Kolkata . Another Institute Shaheed Nirmal Mahto Silk Training Institute has been established in Bhagaiya in Godda Distrist for providing training in silk weaving and designing. PPC is being strengthened. Training Programmes of languishing Crafts such as paythkar painting , Jadupatia painting and Sohrai painting has been started . Nucleus seed project, basic seed production project and Resham Doot project have been started for production of basic seed and commercial seed. In the current year 1,40,000 Nucleus seed, 4,06,755 basic seed 46,00,000 Commercial seed have been produced and about 28,000 farmers have been benefited. Besides activities of silk production , spinning has been started and so far about 750 women have started production of silk in common facility centres and got self employment. On an average each women artisan is earning about Rs. 3000/- a month.

Rs. 3151 lakh has been given to AIADA for 1836.29 acres of rayati land acquisition in 06 villages of Gamharia circle in Distt. Saraikela – Kharsawan. DC.Saraikela–Kharsawan has forwarded documents of 06 villages to the Commissioner Kolhan for further action .

Rs. 36.07 lakhs have been sanctioned for the establishment of Growth Centre at Kamdara Circle in Gumla for which 49.3 acres of rayati land acquisitions is in process .

Rs. 500.00 lakh given to AIADA for infrastructure development has been spent for the development of infrastructure.

With the investment of Rs. 7418.69 lakh 98 Industrial units has been established in AIADA .

With the investment of Rs. 50.14 lakh 04Industrial units has been established in BIADA.

Under the provisions of Jharkhand Industrial Policy 2001, 136 units have been given subsidy of Rs. 1763.62 lakh .

2.2 Financial achievement during 11th five year plan 07-12

Rs. In Lakh

Sl. No.	Financial Year	Outlay	Financial Achievement

Sericulture is an agro-based, export oriented industries with immense potentialities of employment . It has direct relevance to the welfare and well-being of the weaker sections of the society, particularly the women folk. The field formation of Sericulture has been reorganized into 28 PPC's to focus upon all round development of the sector, which includes all precocoon and post cocoon activities. These PPC,s are proposed to be fully equipped to boost the production of Tasar, Mulberry, Eri in their respective command areas. In addition 12 more PPC's are proposed to be established during 11th five year plan. Large scale plantation of Tasar food plants is proposed to be taken up involving the rural farmers. Jharkhand Sericulture Development Institute (JSDI) and Jharkhand Silk Technical Development Institute (JSTDI) are being strengthened to give an impetus to this sector. Construction of building of the Shaheed Nirmal Mahto Silk training Institute has been proposed with assistance of NID, Ahmadabad. Residential accommodation is being proposed to be provided at each PPC which is located in remote areas. Through these schemes, necessary assistance is being provided for the benefits of people engaged in sericulture sector.

A sum of Rs. 3350.00 lakh is proposed for the year 2009-10.

OSP 1150.00 Lakh

TSP 2200.00 Lakh

(iv) Khadi Gramodyog Board

To promote Khadi and Village Industries, the State Government has established State Khadi & Gramodyog Board. To promote Khadi.

A sum of Rs. 500.00 lakh is proposed for the year 2009-10.

TSP 500.00 Lakh

(v) Design Development and Training Centre

It has been proposed to establish on ATCD in Dumka district with its satellite centres in Deoghar and Giridih and strengthening of Orient Craft Fashion Institute of Technology in Chandil. Besides, Establishment of Handicraft & Handloom production Centre/CFC is proposed in the area.

Training cum production centre for weaving, reeling & spinning common facility centres are purposed to be established with a

provision to convert the training centre to production unit after training. Besides, under handicraft activities training & production of Leather items, Tribal Jewellery, Bamboo craft, tailoring, katha stitch, Teracota, Dhokra, Lah churi etc. are purposed to be taken up in groups.

Under special component sericulture training cum production centres are proposed to be established on Bamboo craft item in common facility centre.

Establishment of CFC for silk reeling spinning units, weaving units, training cum production units in leather work, tribal jewellery work etc are proposed.

It is expected to cover more than two thousand artisan in schemes proposed under design development and training centre.

For Design Development & Research, grant is proposed to be given to BIT Mesra Ranchi.

Total outlay of Rs. 500.00 lakh under this scheme is proposed during the year 2009-10.

TSP 200.00 Lakh OSP 100.00 Lakh SCSP.200.00 Lakh

(vi) DISTRICT INDUSTRIES CENTRE:

DIC scheme has been established to promote industrialization of the state and to implement different programmes of the State and Central Government related to the growth of Industries . At present 12 DICs are functioning in the state It is to proposed to establish 12 New DIC during annual plan 2009-10 so that every district will have its DIC . For this purpose Rs. 150.00 Lakh is proposed during the annual plan . 2009-10

TSP 75.00 Lakh OSP 75.00 lakh

6 INDUSTRIES –

(1) Industrial Area Development Authority

It is a continuing scheme. There are four Industrial Area Development Authorities in Jharkhand State located at Ranchi, Bokaro , Dumka and Adityapur. These authorities are assigned the job of development in selected areas by providing developed plots, sheds and infrastructure facilities to industrial units.

Industrial Area under RIADA at Medinipur, Palamu shall be expanded during the year 2009-10 to give impetus to industrial growth in whole state .

These authorities are responsible for locating the potential areas for development of large, medium and small industries. Besides identification of resources and demand based industries special emphasis is laid on identification of ancillary and auxiliary and SSI Units. These authorities also help the units in obtaining financial assistance as a term loan or working capital from financial Institutions or commercial banks.

- Renovation & creation of Infrastructure Development
- Land acquisition & its Developments

A sum of Rs.1200.00 lakh is proposed for the Annual Plan 2009-2010.

TSP 1150.00 lakh

OSP 50.00 lakh

(ii) Industrial Campaign

Industrial campaign is to attract capital Investment proposals from outside the State and abroad too . To meet the claim under Award for Outstanding Performance under Jharkhand Industrial Policy-2001.

A sum of Rs.10.00 lakh is proposed for the Annual Plan 2009-2010

TSP 5.00 Lakh

OSP 5.00 Lakh

(xii) Soft Loan for Sick & Closed Industrial units

Sickness /closure of an industrial unit has an adverse impact on all sectors of production activities. Under the scheme the State Government grants "Soft Loan" for revival of industrial units. A concerted effort for revival of sick industries for overall industrial growth of the state is needed, especially in view of chronic problems of sickness in small, medium and large industries in the State which is among the topmost priorities of the State Government. It need not be emphasized that sickness in industries not only affects the revenue of the State but also results in unemployment and non-productive investment. Interest rate of such loans will not be less than bank rate and repayment period will not be more than 8 years.

The State Government in light of Jharkhand Industrial Policy-2001 has notified Jharkhand Industries Rehabilitation Scheme-2003, which envisages soft loan from the Government for revival of any viable sick, closed and weak units of the State. State

Government upon being satisfied in respect of viability of the revival effort may grant by way of extending loans on suitable soft loan/or equity participation that will depend on merits in individual case to bridge the gap in means of finance.

A sum of Rs. 20.00 lakh is proposed for the Annual Plan 2009-2010

TSP 10.00 lakh

OSP 10.00 lakh

(xiii) Stamp Duty & Registration Fee Exemption

An eligible industrial units irrespective of its location will be entitled to exemption from payment of 50% of Stamp Duty & Registration Fee paid for registration of documents within the state relating to purchase /acquisition of land and building for setting up of a new unit. To meet the claim under Exemption on Stamp Duty & Registration Fee under Jharkhand Industrial Policy-2001

A sum of Rs. 10.00 lakh is proposed for the Annual Plan 2009-2010

TSP 5.00 lakh

OSP 5.00 lakh

(xiv) Growth Centre/ Industrial Park

Mega Growth Centre at Barhi, Hazaribag has been taken up for providing modern infrastructure facilities for rapid industrialization. This growth centre envisages an investment of Rs.30to 40 crores and shall provide quality infrastructure inputs like land, water, power, communication, etc.This will be developed under PPP mode .JINFRA has been assigned to assist in developing this growth Centre. Industry specific Mini Growth Centers are being contemplated to be set up by the Government at different locations in the State where specific industrial activity needs to be boosted. The location of these growth centers will be selected keeping in mind the inherent locational advantages with respect to availability of raw material, manpower, connectivity and market.

These Growth centers would shift the focus of growth of industries into rural areas, yet ensuring that these growth centers are located near main highway and the district head quarters. This would help in generating employment for the local population, and the nearest town would provide residential/schooling facilities for the families.

To give boost to village based industries, the Government intends to set up Micro Industrial Areas/Parks at each block level which shall provide basic infrastructure facilities to the rural entrepreneurs, artisans and craftsmen. This will give a fillip to employment and rural growth.

A sum of Rs.100.00 lakh is proposed for the Annual Plan 2009-2010

OSP 100.00 lakh

(xv) Export Oriented Knowledge Parks

The State Govt. has formulated an ambitious plan to set up Export Oriented Knowledge Parks at Khunti for fast industrial growth of the state. For this purpose land acquisition and infrastructure development

A sum of Rs.500.00 lakh is proposed for the Annual Plan 2009-2010

OSP 500.00 lakh

(xvi) ASIDE Scheme –

The Govt. of India has the scheme for extending Assistance to States for Development of Export Infrastructure and Allied Activities (ASIDE). The objective of the scheme is to involve the states in the export effort by providing assistance to the state Govt.'s for creating appropriate infrastructure for the development and growth of the export. States are expected to earmark at least 15 to 25% of their ASIDE Funds annual allocation on a AEZs. SLEC of respective states must give priority for prospects covering facilities like laboratories /CETP etc on PPP basis. At present a toll bridge on river kharkai has been taken up under the scheme.

As state share for the scheme a sum of Rs. 250 lakh is proposed for the Annual Plan 2009-2010

OSP 250.00 lakh

(xvii) Project and Feasibility Report and Consultancy Work

The Industries Department performs a major role in promoting, facilitating and coordinating the accelerated growth of Industry in the state. For formulation of projects and for consultancy work related to industrial development, allocation of fund is necessary. Also for formulation of revival schemes of sick industries under JIRS-2003

and financial vetting of the proposals , provision has to be made . Consultancy work is also needed for ensuring proper scrutinisation of the Govt's financial exposure involved in such revival .

A sum of Rs.50.00 lakh is proposed for the Annual Plan 2009-2010

OSP 50.00 lakh

(xviii) Publicity and Publication of the Departmental Schemes .

For making wide publicity of different departmental programmes, policies and activities with regard to the large, medium and small sector, entrepreneurs and to attract entrepreneurs of State and outside the State to set up industries in Jharkhand, it is to strengthen this scheme requires to be strengthen.

A sum of Rs. 50.00 lakh is proposed for the Annual Plan 2009-2010

OSP 50.00 Lakh

(xix) Jharkhand Industrial Infrastructure Development Corporation (JIIDCO)

Jharkhand Industrial Infrastructure Development Corporation has been established to create, develop and maintain infrastructure facilities for systematic growth of industrial units in the State of Jharkhand. They may also appoint consultants, contractors for the purpose of carrying on business of the company and render assistance to enterprise in obtaining managerial, technical and administrative services.

A sum of Rs.100.00 lakh is proposed for the year 2009-10.

TSP 100.00 lakh

(xx) Jharkhand Infrastructure Development Corporation Ltd. (JINFRA)

Jharkhand Infrastructure Development Corporation Ltd has been constituted in Joint sector for the development of infrastructure of the state. **JINFRA** will work as a special purpose company (SPC) to develop infrastructure under Public Private Partnership mode .IL&FS and Govt. of Jharkhand through Jharkhand Industrial Infrastructure Development Corporation (JIIDCO) has formed this SPC in 50:50 equity partnership to select , develop, prepare and implement infrastructure projects in the State as well as other part of the company and abroad . The capital infrastructure of the company has been as under :-

(JIIDCO) IL&FS Total

Authorized Capital (Rs in crore)	5.00	5.00	10.00
Paid up Capital (Rs in crore)	1.00	1.00	2.00

JIDCO and IL&FS a Project Development Fund to develop projects. With the identification of the projects the capital base of the company would be suitably enhanced on a need basis .

A sum of Rs. 100.00 lakh is proposed for the year 2009-10.

TSP 100.00 lakh
